- **Thanksgiving Break**
  November 23 - 27

Highlight of the Month

November Holidays

Thanksgiving is a national holiday celebrated in the U.S. on the fourth Thursday in November to give thanks for the harvest and blessing in the past year. In 1863, during the Civil War, Abraham Lincoln officially declared Thanksgiving a national holiday. The U.S. president officially pardons turkeys at the White House. Many people watch large celebrations like the Macy's Thanksgiving Day Parade in New York City. Families gather for a large meal featuring roast turkey, mashed potatoes, gravy, cranberry sauce and pumpkin pie. There are also a few lesser known holidays that take place during the month of November.

Men Make Dinner Day is the first Thursday in November. It encourages men to take full charge of planning, shopping and cooking dinner. November 13 is Sadie Hawkins Day. On this traditional folk holiday, women ask men out on dates. November 30th is Stay Home Because You're Well Day. It encourages people to take a mental health day to relax even if they are not sick.

— Charlie, Stella, & Virginia

Message from the Lower School Principal

Dear Cambridge Family,

At Cambridge, we know that learning, working hard, and doing your best in school are important parts of preparing for your future. However, even more important than what you know is how you treat thers. Kindness, respect, honesty, and compassion are qualities that will make a lasting difference in the world. Always remember that a good grade or a great achievement is wonderful, but a kind heart and a willingness to help others are just as valuable. No matter your age, you have the power to make someone's day better through your words and actions. Keep learning, keep growing, and most importantly, keep choosing kindness!

With love and encouragement,

— Melissa Funderburk

Cougie's Corner (Poems and Jokes)

Joke

Where do ghosts go on vacation?
The Boohamas.

My Turkey

This is my turkey;
He just says gobble;
And runs with hobble;
My turkey has a nice grin;
With a little wattle on its chin;
Even though he can't fly;
His mind can touch the sky;
He likes the way;
we celebrate Thanksgiving Day.

— Katherine Spate

Welcome to my corner of funnies and poetry.

—Sir Cougie
